GRAPHIC • MULTIMEDIA • VIDEO

Portfolio: <https://yussaimae-source.github.io/My-2026-Portfolio/>

Accomplished Graphic, Multimedia & Video Designer with extensive experience delivering impactful creative solutions across print, digital, and live-event platforms. Skilled in translating brand strategy into compelling visual identities, digital assets, video content, UI/UX experiences, and social media campaigns. Combines strong design expertise with Generative AI tools, including Midjourney, Firefly, and advanced prompt engineering, to streamline production workflows and enhance engagement. Experienced in managing agencies and leading end-to-end project delivery, from concept development to final production and execution.

CORE EXPERTISE

BRAND & CORPORATE IDENTITY

CREATIVE CONCEPT IDEATION

WEB, UI/UX & APP SYSTEMS

CROSS-CHANNEL SOCIAL DESIGN

PREPRESS & PRODUCTION PRINTING

COMMERCIAL POSM & SIGNAGE

COMMERCIAL PHOTOGRAPHY

SOFTWARE MASTERY

ADOBE CREATIVE SUITE

Expert-level mastery of Photoshop, Illustrator, InDesign, Premiere Pro, and After Effects for advanced layout structures and vector manipulation.

WEB FRAMEWORKS & CMS

Responsive development across Webflow, WordPress, Drupal, and high-conversion e-commerce systems.

AI SYSTEMS & WORKFLOWS

GENERATIVE VISUALS

Midjourney, DALL-E, Adobe Firefly integrated natively into brainstorming and concept proofs.

DYNAMIC VIDEO SUITES

CapCut, Descript, OpusClip for short-form multimedia engagement scales.

ADVANCED PROMPTING

ChatGPT, Claude for structuring strategic content alignment.

PROFESSIONAL EXPERIENCE

1) Senior Graphic Designer 2019 – Present

Innotribe Solutions Sdn Bhd | Mid Valley City, Kuala Lumpur

- Creative Direction & Asset Execution:** Formulate and implement end-to-end multi-channel creative outputs, developing complex brand identities, digital assets, websites, and physical layout designs matching enterprise objectives.
- AI Workflow Engineering:** Spearhead the native integration of Generative AI systems (Midjourney, Firefly, Advanced Prompt Engineering) to optimize asset generation, layout throughput, and rapid interactive prototyping.
- Cross-Departmental Collaboration:** Champion design alignment by working hand-in-hand with multi-disciplinary creative, content creation, and web solutions teams to implement responsive, high-conversion visual platforms.
- Event, Web & Corporate Marketing:** Design comprehensive visual schemes for major international corporate events, comprising stage backdrops, location props, digital landing environments, and interactive live feed web platforms.

2) Graphic / Website Designer 2012 – 2018

Macy Home Furnishings | Seri Kembangan, Selangor

- Digital E-Commerce & UI/UX Strategy:** Architected user-centered responsive layouts and high-impact graphic environments for the brand's primary e-commerce web platform to enhance user journey retention.
- Retail Omni-Channel Design:** Formulated nationwide seasonal campaign identities, orchestrating the end-to-end design of physical shopfront display materials, large-scale outdoor signage, POSM, and lookbook publications.
- Vendor & Production Oversight:** Directed collaborative design handoffs and supervised external print production contractors to guarantee meticulous technical color profiles, prepress margins, and asset implementation.

3) Graphic Designer 2009 – 2010

Nutrimetics Worldwide (M) Sdn Bhd | Petaling Jaya, Selangor

- Brand Guideline Governance:** Maintained rigid compliance with strict international corporate cosmetic standards while managing high-volume catalogue architectures and luxury consumer packaging layouts.
- POSM Material Optimization:** Engineered point-of-sale assets, merchandising signage, and wide-format exhibition displays to support large-scale product launches.

4) **Creative Designer 2008 – 2009**

ATN Media & Advertising Sdn Bhd | Kajang, Selangor

- **Advertising Concept Ideation:** Interpreted highly technical commercial advertising briefs from diverse industry clients to construct impactful multi-channel assets spanning editorial spreads, billboards, and localized print media.
- **Stakeholder Communications:** Supervised designs and artwork produced, pitch alignments, and creative revisions while bridging the gap between artistic ideation and strict technical mechanical print compliance.

5) **Graphic Designer 2007 – 2008**

Alliance Teamwork Marketing Sdn Bhd | Petaling Jaya, Selangor

- **Commercial Prepress & Production:** Handled complex file separation, color trapping, and comprehensive check-offs for massive print-runs, minimizing overhead distribution discrepancies.
- **Retail Packaging Architecture:** Structured functional dielines, point-of-purchase promotional boards, and point-of-sale (POSM) marketing flyers to actively scale physical retail store conversions.

6) **Copywriter / Instructional & Graphic Designer 2002 – 2007**

Wannastation Sdn Bhd | Petaling Jaya, Selangor

- **Cross-Functional Content Creation:** Fused text copywriting, user script creation, and rich interactive graphic execution to design highly intuitive educational course architectures and scalable enterprise e-learning programs.
- **Multimedia Frameworks:** Built complex structural storyboards, customized user vector assets, and multimedia training manuals for continuous integration across cross-platform corporate frameworks.

EDUCATION

Bachelor of Arts (English) Graduated: 2002

Universiti Putra Malaysia (UPM) | Serdang, Selangor

Equipped with high-level professional copywriting expertise, advanced brand communication frameworks, and content/text optimization techniques.
